affects at \$35, followed by 10 on the boards at the same. At the close more was offered at the same, but \$34.75 was the limit of the bidding.

Ten shares Paauhau found a purchaser at \$29.75, presenting a slight decline. For this stock \$28.50 was bid and \$30 asked.

Another sale of interest was 20 shares Hutchinson at \$18.50.

HUSTACE RESIGNS.

Charles Hustace has resigned from the office of paying teller of the Bank of Hawaii, to take effect at the end of the present month. His place will, in all probability, be taken by Robert McCorriston, although the matter has not yet been considered by the directors.

WALDRON'S NEW OFFICES.

Men were engaged today setting the safe and putting the finishing touches on the dividing walls in the premises formerly occupied by the Hawaiian Hardware Company and to be occupied by Fred L. Waldron. The general office will be nearest the front entrance, private offices on the makai side and large store room in the rear. Mr. Waldron expects to occupy his new place next Tuesday or Wednesday.

HAS BAD WEATHER.

The Matson steamer Lurline, which sailed from Honolulu late Tuesday, has struck into bad weather. She went in a wireless last night telling of strong winds and seas, but adding that she was making satisfactory progress under the circumstances. The Lurline is bound to San Francisco.

SILVA'S TOGGERY.

The improvements at Silva's Toggery in King street are to be more elaborate than had been thought. In the first place, the two stores are to be thrown together, separated only by low shelving running front near the middle to the rear. On the one side will be carried clothing and on the other gentlemen's furnishings. The whole is to have one of the most tearable glass fronts in town.

ROUTINE PROMOTION.

At its meeting yesterday afternoon the promotion committee handled a number of matters, partly its own and partly passed over it. Among the items was a decision to buy a set of panoramic and plain photographic views from a man named Moses, who, in point of bravery, like his predecessor in tackling the Red Sea job, had approached Kilaua's fire and obtained some rather good views. These pictures will be displayed somewhere around the Promotion Committee's headquarters, probably in the windows.

It was decided to have a seven-seated auto in the floral parade. It will be in the hands of Chairman Bowen.

President Griffiths submitted his report on his attendance upon the convention of American scientists and stated that he had invited the body to meet here this year.

Arrangements were made to have the Mayor of Honolulu, Alexander Hume Ford, and representatives of the newspapers use the committee's launch upon the arrival of the excursion steamer Cleveland off port Sunday morning.

EMPIRE'S PROGRAM.

"Up the mountain from Hongkong" will be a big feature film at the Empire theater tonight and tomorrow night. There will also be depicted wonderful scenes of nature from the top of Victoria peak, 2600 feet high. "Building Barrels" will be put on as an educational feature of the program. This is so clear that every movement of construction can be plainly seen. A melodrama entitled "On another man's pass" and a rich comedy entitled "Elastic Transformation" will be features. A beautifully colored film showing magic appearances and disappearances will please both the kiddies and grown-ups.

HITS HIM TWICE

Toyota stood before Judge Andrade in the municipal court this morning to plead that he be relieved of the necessity of digging up six hundred dollars fine. He was represented by Atkinson & Quarles, the first half of which firm is in Siberia gathering Russians for the Immigration Bureau.

Toyota is auctioneer for the Hawaiian Fisheries which is a big Japanese concern controlling the King street markets. Some time ago he was complained against by Inspector Turritt for not having paid his auctioneer's license. He was found guilty in police court and, the fine in such cases usually being as great as the license fee, he was sentenced to pay a fine of \$600. In the meanwhile he had secured his license and, on the plea of no violation of the law having been intended, asked that he be excused the \$600 fine. Not wanting to be harsh in these license matters, when the license is paid, Judge Andrade has been thinking over the proposition of excusing the fine. But the Supreme Court, to which the auctioneer appealed, confirmed the judgment of the district court and the district court cannot see its way clear to excuse the fine though the judge this morning expressed willingness to call off the fine if he could do so in accordance with correct methods. He suggested that the man could pay in the fine and that then the Supervisors might reimburse Toyota, for \$600 seemed heavy in the light of what had transpired since the original judgment; in consideration of the fact that there seemed to have been no intention of violating the law; for the man had secured his license upon being complained against. Deputy City Attorney Milverton announced that the Supervisors could do nothing of the kind under the law; they would have no such right.

Judge Andrade, considering the case, remarked that not so long ago a man had come into his court and pleaded guilty, evidently under fear, and he had sentenced him to a term of imprisonment. Afterward he found that the man should have pleaded not guilty; whereupon the judge proceeded to yank him into freedom again, though he got legally sat on for taking unto himself the pardoning power which lies with governors only. In the present case the court will take till Tuesday to decide, giving Judge Quarles time to dig up authorities as to the court's right to recall the mit-

ANTI-TUBERCULOSIS CAMPAIGN BEGINS

Progress is making in the campaign against the great white plague. Yesterday President E. A. Mott-Smith of the Board of Health met with the executive committee of the Anti-Tuberculosis Society. A scheduling of assets of each organization available for the campaign was effected.

There will be another conference of the campaigners on Monday night, when the main features of the work to be attempted will be considered.

ANTI-TUBERCULOSIS CAMPAIGN BEGINS

W. W. Dimond & Co., Ltd., received a letter from Dresden, Germany, addressed to "Honolulu, Hawaii, Australia." The Hawaii Promotion Committee might do well to send a copy of the Honolulu directory to the Dresden chamber of commerce with a note stating that Australia is several doors south and Honolulu the French speak do not.
